## Experience

<b>Software Developer</b> , Storeshoppy Pvt. Ltd.	Nov 2024 – Present
<ul style="list-style-type: none"><li>Designed, developed, and deployed full-stack applications to enhance business workflows and user engagement.</li><li>Optimized application performance through efficient code practices and database queries.</li><li>Led the integration of APIs and third-party services to add functionality and streamline operations.</li><li>Worked closely with cross-functional teams to align technical solutions with business objectives.</li></ul>	

<b>Frontend Developer Intern</b> , Storeshoppy Pvt. Ltd.	Aug 2024 – Oct 2024
<ul style="list-style-type: none"><li>Developed and managed the frontend codebase, ensuring clean, maintainable, and scalable code.</li><li>Tackled challenges in new project implementations by researching and applying modern web development practices.</li><li>Collaborated closely with team leads to strategize and implement UI/UX designs, ensuring user-centric experiences.</li></ul>	

## Projects

### Reduxpay - Payout Platform (Storeshoppy)

- Created an online payment gateway similar to Razorpay, targeting mid-sized B2B companies. Integrated various payment methods, including bulk, Excel, and normal payments.
- Implemented fraud detection mechanisms to enhance security and usability. Developed transaction analytics to provide More in-depth insights into payment activities.
- It Enables businesses to make online payments through various methods such as NEFT, RTGS, UPI. Secure with OTP

### DazzleUI (UI Elements Library)

- Designed and developed a full-stack platform that enables users to explore, share, and reuse UI components created by a community of developers.
- Implemented Google OAuth 2.0 authentication for secure signup/login and personalized user dashboards for managing uploaded UI elements.
- Built functionality for users to directly view, copy, and deploy code snippets from shared UI elements, promoting collaboration and code reuse.

### Password Manager

- Developed a full-stack password manager allowing users to securely store and retrieve passwords via web and mobile apps.
- Implemented Google OAuth 2.0 authentication for secure signup/login and personalized user dashboards for managing uploaded UI elements.
- Built a responsive frontend with React and Tailwind CSS; mobile version developed using React Native for cross-platform support.

## Education

<b>Ducat</b> MERN Stack Certification	Dec 2023 – Jul 2024
<b>Delhi University</b> Bachelor of Commerce	2021 – 2024
